

EVAN'S BOX

Micro Baby Hat Pattern

In loving memory of Evan James Chrysler

Ch = chain

Sc = single crochet

Dc = double crochet

Dcinc = double crochet increase

Sl st = slip stitch

Hook size = 4.0 F

Directions

Ch 2 At beginning of each round does NOT count as a stitch. (By slip stitching to the top of the first stitch from each row, we avoid having a hole or a visible seam. If you need help with how to do an invisible join, [here](#) is a link to a helpful video.)

- Make magic circle, Ch2
- Row 1: 10dc in the magic circle (10) Pull magic circle yarn tail tight. Sl St to the top of the first dc to join. Ch 2
- Row 2: (1 dc, dcinc) Repeat all the way around. Sl St to join. (15)

End of row 3, plus chain 2 to start row 4:

First dc of next round will go here

- Row 3: Ch 2. dc 15. Sl St to top of first dc to join. (15)
- Row 4: repeat row 3
- Row 5: Ch1, sc 15. Sl St to join & fasten off.
- Weave in ends and flip hat inside out.

Finished beanie

To make this hat bigger or smaller just add or subtract however many dc in the magic circle as you would like. You may also need to add a few more rows of dc to make it symmetrical depending on how big you make the hat.
